

Accessing the Project Application in e-snaps

Introduction

This document provides step-by-step instructions on how to access the Project Application in e-snaps. It is organized into the following sections:

- [Access e-snaps](#)
- [Complete the Project Applicant Profile](#)
- [Establish the Project Application](#)
- [Access the Project Application](#)

These instructions are written with references to the FY 2018 Renewal Project Applications as the example, but they are applicable to other FY 2018 Project Applications (New, CoC Planning, and UFA Costs), as well as to future CoC Program Competitions. When the steps are no longer applicable, this document will be revised and reposted on the HUD Exchange.

Access e-snaps

The Project Application is submitted electronically in e-snaps during the annual competition under the FY 2018 CoC Program Competition.

The screenshot shows the 'Front Office' portal for e-snaps. On the left is a navigation menu with 'Front Office Portal', 'Create Profile', and 'Contact Us'. The main content area is titled 'Welcome to e-snaps' and contains a login form with fields for 'Username:' and 'Password:' and a 'Login' button. A callout bubble points to the login form with the text 'Log in here'. Below the login form is a 'Forgot your password?' link. Another callout bubble points to the 'Create Profile' link with the text 'If new to e-snaps, create a user profile here'. The main content area also contains several paragraphs of text, including 'The information collection requirements contained in this application have been submitted to the Office of Management and Budget (OMB) for review under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520). This agency may not collect this information, and you are not required to complete this form, unless it displays a currently valid OMB control number.' and 'Public reporting burden for this collection is estimated to average 3 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.' There are also OMB Approval No. 2506-0182 (exp. 01/31/2018) and OMB Approval No. 2506-0112 (exp. 11/30/2018) listed.

NOTE:

Each e-snaps user must have his or her unique login credentials. Preferably, each organization will have at least two people with access to e-snaps—the Authorized Representative and one or more additional staff.

Existing Users

Step	Description
1.	Direct your Internet browser to www.hud.gov/esnaps .
2.	On the left menu bar, enter your username and password. You will then enter the <i>e-snaps</i> system and arrive at the "Welcome" screen.
3.	If you forgot your password, select the "Forgot your password?" under the "Login" button.

New e-snaps Users

Step	Description
1.	Create an <i>e-snaps</i> username and password by selecting the "Create Profile" link.
2.	Log in as instructed under Existing Users above.

For a refresher on how to continue through the *e-snaps* system, the "e-snaps Features and Functions" navigational guide is available on the CoC Program Competition Resources page at <https://www.hudexchange.info/programs/e-snaps/>.

Adding and Deleting Registrants

Having a user profile enables a person to access *e-snaps*; however, only individuals who have been associated with the organization as a registrant (also referred to as registered users) have the ability to enter information in the Project Applicant Profile and Project Applications associated with the organization.

For information on how to add and delete users, refer to the "Adding and Deleting Registrants in e-snaps" resource on the CoC Program Competition Resources page at <https://www.hudexchange.info/programs/e-snaps/>.

Complete the Project Applicant Profile

Project Applicants must complete the Project Applicant Profile before moving forward in the Project Application process. To complete the Project Applicant Profile, the Project Applicant needs to ensure the data entered in the profile screens are accurate and must select the “Complete” button on the “Submission Summary” screen.

This section highlights key information needed to successfully complete this step. It does NOT provide step-by-step instructions.

For detailed instructions, see the Project Applicant Profile Navigational Guide on the e-snaps page at <https://www.hudexchange.info/programs/e-snaps/>.

- **Access the Applicant Profile.** To access the Project Applicant Profile, log in to e-snaps, select "Applicants" on the left menu bar, ensure that the correct Applicant name in the "Applicants" field at the top left side of the screen is selected, and select the orange folder to the left of the Applicant name on the screen.
- **Organizations that are Collaborative Applicants and Project Applicants.** If the organization applying for funding as a Project Applicant is also serving as the Collaborative Applicant, the organization will have two Applicant Profiles—one for the Project Applicant and one for the Collaborative Applicant.

The "Applicant" field dropdown menu at the top left side of the screen contains the list of Applicants that a user can access. If you have issues with finding the correct Project Applicant, submit a ticket to the HUD Exchange Ask A Question, at: <https://www.hudexchange.info/get-assistance/my-question/>, under the e-snaps Reporting System (the option for which is featured on Step 2 of the AAQ page).

- **First-time Applicant.** If an organization is new to *e-snaps* (i.e., submitting a Project Application for the first time), the organization must establish itself as an Applicant in *e-snaps*. Review the Project Applicant Profile Navigational Guide on the CoC Program Competition Resources page at <https://www.hudexchange.info/programs/e-snaps/>. An organization will establish itself as a Project Applicant in *e-snaps* **one time only**.

*If you are a Collaborative Applicant and a Project Applicant applying for project funds, you must have **two separate Applicant Profiles**—a Collaborative Applicant Profile and a Project Applicant Profile. Contact the HUD Exchange Ask-A-Question if you need assistance:
<https://www.hudexchange.info/get-assistance/my-question/>*

1.	When the question appears asking if you want to register the applicant for the funding opportunity, select "Yes" to confirm that you want to register your organization.
2.	The screen will then indicate that the Project Applicant has been registered.
3.	Select the "Back" button to return to the "Funding Opportunity Registrations" screen.

Please ensure you are working under the correct Applicant.

Creating the Project Application Project

Project Applicants must create a project for the Project Application in *e-snaps* on the "Projects" screen. Creating a project is an intermediate step; organizations do NOT enter the Application from the "Projects" screen to complete the Application screens. [That step will occur on the "Submissions" screen.]

Once the Applicant "creates" the Project, the Project will appear on this screen. In the example below, the term "Renewal Project Application" appears under the "Funding Opportunity Name" column.

Terminology "Creating a Project" means "giving the project application a name."

The screenshot shows the 'Front Office' interface. At the top, there's a header with 'Front Office' and 'Help'/'Logout' buttons. Below that, a user profile 'TestUser2' is shown. The main content area is titled 'Projects' and includes a 'Project Status' dropdown set to 'Open Projects' and a 'Funding Opportunity Name' dropdown set to 'Renewal Project Application FY2018'. A table below shows project entries with columns: Edit, Project Name, Project Number, Funding Opportunity Name, Applicant Name, Applicant Number, and Step Status. Two rows are visible, both for 'PSH 1' with project number 136066 and 136067, both under 'Renewal Project Application FY2018' and 'Project Applicant A'. A callout box points to an 'Add' icon (a document with a plus sign) that appears above the table headers. A sidebar on the left contains navigation links: Profile, My Account, Workspace, Applicants, Funding Opportunity Registrations, Projects, and Submissions.

Step	Description
1.	Select "Projects" on the left menu bar.
2.	The "Projects" screen appears.
3.	Select the applicable funding opportunity from the "Funding Opportunity Name" dropdown. Example: "Renewal Project Application FY 2018"
4.	The screen refreshes and an "Add" icon  appears on the left side of the screen above the column headings.
5.	Select the "Add" icon. 
6.	The "Create a Project" screen appears.

Remember, the "Applicant" field with the dropdown menu located at the top of the screen identifies the Applicant Profile under which you are working.

Please ensure you are working under the correct Project Applicant.

3.	In the "Import Data From:" field, select the project that is being renewed. Importing will ensure that your project information from the FY 2017 Project Application is imported and will decrease the amount of information that must be entered in the FY 2018 Project Application. If you are renewing for the first time in the FY 2018 CoC Program Competition you will not be able to import from your previous Project Application.
4.	Select "Save & Back" to return to the "Projects" screen.
5.	The project name is listed in the menu. <ul style="list-style-type: none"> Select the "View" icon to view project details; however, it is not necessary to enter any notes on that page.

If the previous year's information is imported, Project Applicants MUST review the prepopulated information to ensure the responses to the questions are still accurate.

- The importing of data from the previous year's Project Application only applies to returning renewal projects.***
- If your project is a first-time renewal project, you must complete the entire renewal Project Application as you do not have information to import.***

Submissions

After completing the Project Applicant Profile, registering for the Funding Opportunity, and creating the Project Application project, Project Applicants may now enter the Project Application and complete the screens. You must access the Project Application screens through the "Submissions" screen.

Terminology "Submissions" refers to both submitted project applications and project applications that are in progress to be submitted.

This screen also includes applications that are created by mistake and are not intended to be submitted. Once you have created a project on the Projects screen and it appears here, you cannot delete it. You can only rename it.
