Before Starting the CoC Application

You must submit all three of the following parts in order for us to consider your Consolidated Application complete:

 1. the CoC Application,
 2. the CoC Priority Listing, and
 3. all the CoC's project applications that were either approved and ranked, or rejected.

 As the Collaborative Applicant, you are responsible for reviewing the following:

 1. The FY 2022 CoC Program Competition Notice of Funding Opportunity (NOFO) for specific application and program requirements.
 2. The FY 2022 CoC Application Detailed Instructions which provide additional information and guidance for completing the application.
 3. All information provided to ensure it is correct and current.
 4. Responses provided by project applicants in their Project Applications.
 5. The application to ensure all documentation, including attachment are provided.

 Your CoC Must Approve the Consolidated Application before You Submit It
 - 24 CFR 578.9 requires you to compile and submit the CoC Consolidated Application for the FY 2022 CoC Program Competition on behalf of your CoC.
 - 24 CFR 578.9(b) requires you to obtain approval from your CoC before you submit the Consolidated Application into e-snaps.
 Answering Multi-Part Narrative Questions
 Many questions require you to address multiple elements in a single text box. Number your responses to correspond with multi-element questions using the same numbers in the question. This will help you organize your responses to ensure they are complete and help us to review and score your responses.

 Attachments
 Questions requiring attachments to receive points state, "You Must Upload an Attachment to the 4B. Attachments Screen." Only upload documents responsive to the questions posed–including other material slows down the review process, which ultimately slows down the funding process. Include a cover page with the attachment name.
 - Attachments must match the questions they are associated with–if we do not award points for evidence you upload and associate with the wrong question, this is not a valid reason for you to appeal HUD's funding determination.
 - We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time).

1A. Continuum of Care (CoC) Identification

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

By selecting "other" you must identify what "other" is.

1B-2.	Open Invitation for New Members.	
	NOFO Section VII.B.1.a.(2)	

		Describe in the field below how your CoC:
	1.	communicated a transparent invitation process annually (e.g., communicated to the public on the CoC's website) to solicit new members to join the CoC;
	2.	ensured effective communication with individuals with disabilities, including the availability of accessible electronic formats;
	3.	invited organizations serving culturally specific communities experiencing homelessness in the geographic area to address equity (e.g., Black, Latino, Indigenous, LGBTQ+, and persons with disabilities).

(limit 2,500 characters)

1. The Mountainland CoC regularly recruits new membership through our member agencies, stakeholders, community partnerships, and service providers in our geographic region. Often invitations to attend CoC meetings come through agency contacts and sometimes these invitations come directly through the CoC lead when organizations are identified who are filling needs in our community and should be involved in conversations about making homelessness brief and non-recurring. Potential members are solicited primarily through their contact with CoC members and staff or through contact through our website, social media, or e-newsletters. 2. All invitation, orientation, agendas, minutes, and other CoC documents are available electronically. All CoC meetings and subcommittee meetings are available for attendance by phone or through zoom or google meet. Our virtual options include an option for live transcription of the meeting. Additionally, we accommodate any disability by request. 3. Mountainland is committed to a diverse representation in our membership and actively seeks partnerships with agencies addressing equity. In December 2021, we set specific goals to onboard additional agencies representing LGBT and racial equity, which we felt were underrepresented in our CoC. Both of these agencies have been invited to join the CoC and serve on our rank and review committee for this year's competitive process.

1B-3.	CoC's Strategy to Solicit/Consider Opinions on Preventing and Ending Homelessness.	
	NOFO Section VII.B.1.a.(3)	

	Describe in the field below how your CoC:
1.	solicited and considered opinions from a broad array of organizations and individuals that have knowledge of homelessness, or an interest in preventing and ending homelessness;
2.	communicated information during public meetings or other forums your CoC uses to solicit public information; and
3.	took into consideration information gathered in public meetings or forums to address improvements or new approaches to preventing and ending homelessness.

(limit 2,500 characters)

1. The Mountainland CoC is comprised of representation from each of our three counties in our jurisdiction. Member agencies continuously solicit opinions and participation from other organizations that they work with in our geographical region. Additionally, the CoC partners with local city and county elected officials to promote and sponsor open public forums to discuss topics surrounding homelessness and affordable housing in each community. We also maintain a robust presence on social media, inviting all public comment. 2. Our membership participates in our public meetings currently via zoom or google meet. All of our meeting minutes and agendas are sent out electronically through our mailing list, of which any interested party can sign up for, and are posted publicly on our website. Agendas are sent out the week prior to our public meetings and opinions and feedback are explicitly invited. 3. The public relations subcommittee of our CoC consists of member organizations alongside city and county representatives. In the last three years, we have hosted four public forums to discuss issues surrounding homelessness and housing and are planning a fifth for later in 2022. The public relations subcommittee presents public
feedback and opportunities of engaging the public at each CoC meeting to the full membership. They have a standing agenda item at each meeting. Additionally, at every CoC meeting, we leave time for an open forum discussion for each participating agency or entity to discuss opinions, concerns, successes, and failures. These discussions have led to out-of-the-box solutions for preventing and ending homelessness by creating new partnerships, collaborating on master-leasing hotels and motels for PSH, filling service gaps in our community through creation of new employment position, and discussions on how to use our limited funding strategically."

1B-4.	**Public Notification for Proposals from Organizations Not Previously Awarded CoC Program Funding.**	
	NOFO Section VII.B.1.a.(4)	

	Describe in the field below how your CoC notified the public:
1.	that your CoC will consider project applications from organizations that have not previously received CoC Program funding;
2.	about how project applicants must submit their project applications–the process;
3.	about how your CoC would determine which project applications it would submit to HUD for funding; and
4.	how your CoC effectively communicated with individuals with disabilities, including making information accessible in electronic formats.

(limit 2,500 characters)

1. Mountainlands posted a public RFP on their website and social media accounts on August 3rd and sent a mass email to the entire CoC membership the same day. The RFP was also posted on a nonprofit association newsletter on August 5th. The announcement also included a timeline with dates, deadlines, requirements, the rank and review process, and an invitation for all interested homeless service providers to attend a new project orientation on Aug 15, 2022. Seven new agencies attended the New Project Orientation and one chose to submit a project. Three of these agencies met with the collaborative applicant to begin preparing projects for next year. Additionally, personal invitations were made by the collaborative applicant to agencies which expressed interest in a new project in previous years but did not apply. 2.The process of submitting new project applications in the 2022 local competition was displayed publicly and sent to all member agencies in the CoC. Additionally, this was discussed in detail in the New Project Orientation and the August and September CoC meetings. 3. The Mountainland CoC publicly posted instructions for application, allowable projects, and the rank and review material and hosted a mandatory orientation for new applicants. This also included a transparent pass/fail criterion to make sure that the project would be an allowable activity for the funding source. The Rank and Review criteria were discussed at length in the Aug CoC meeting, particularly how it applied to new projects. 4. The CoC effectively communicates with individuals with disabilities by ensuring that our website and social media accounts are universally accessible, publishing all printed materials and requests as pdfs, and ensuring at all meetings regarding funding activities are accessible by phone, with live transcription, or through other requested accommodations.

1C. Coordination and Engagement

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

- Notice of Funding Opportunity (NOFO) for Fiscal Year (FY) 2022 Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants;
  - 24 CFR part 578;
  - FY 2022 CoC Application Navigational Guide;
  - Section 3 Resources;

  - Frequently Asked Questions

1C-1.	Coordination with Federal, State, Local, Private, and Other Organizations.	
	NOFO Section VII.B.1.b.	

	In the chart below:
1.	select yes or no for entities listed that are included in your CoC's coordination, planning, and operations of projects that serve individuals, families, unaccompanied youth, persons who are fleeing domestic violence who are experiencing homelessness, or those at risk of homelessness; or
2.	select Nonexistentif the organization does not exist within your CoC's geographic area.

	Entities or Organizations Your CoC Coordinates with for Planning or Operations of Projects	Coordinates with the Planning or Operations of Projects?
1.	Funding Collaboratives	Yes
2.	Head Start Program	Yes
3.	Housing and services programs funded through Local Government	Yes
4.	Housing and services programs funded through other Federal Resources (non-CoC)	Yes
5.	Housing and services programs funded through private entities, including Foundations	Yes
6.	Housing and services programs funded through State Government	Yes

18.		

	1C-2.	CoC Consultation with ESG Program Recipients.	
		NOFO Section VII.B.1.b.	

		Describe in the field below how your CoC:
	1.	consulted with ESG Program recipients in planning and allocating ESG and ESG-CV funds;
	2.	participated in evaluating and reporting performance of ESG Program recipients and subrecipients;
	3.	provided Point-in-Time (PIT) count and Housing Inventory Count (HIC) data to the Consolidated Plan jurisdictions within its geographic area; and
	4.	provided information to Consolidated Plan Jurisdictions within your CoC's geographic area so it could be addressed in Consolidated Plan update.

(limit 2,500 characters)

1. The Mountainland CoC lead participated in ESG and ESG-CV allocation and rank and review processes. When the application process opened, the CoC Collaborative Applicant met with all COC agencies who planned to apply. A roundtable open discussion ensued about the needs of our community and which projects would be prioritized locally as a CoC. We decided to take a collaborative approach to ESG funding rather than a competitive one. CoC agencies discussed unmet need in your community, specifically around PSH, ES, and COVID relief. 2. CoC leadership offered technical support for any agencies applying to ensure that the CoC priorities were adequately and strategically represented. CoC staff work with all agencies receiving funding to ensure that they are in compliance with all of the policies and procedures of the CoC and that they are meeting the terms of their funding. The CoC lead works in partnership with ESG to ensure all recipients are prepared for monitoring visits. 3.PIT and HIC information was used in our discussion of our service gaps. We used PIT and HIC data on a state level to help determine unmet need during the application review process. 4. Representatives from agencies in all three of our geographic counties were present during discussion of our service needs. The Collaborative Applicant specifically worked with representatives in our rural counties-Summit and Wasatch Counties-to ensure that their needs were represented to the same extent as our urban county-Utah County. We determined that there was a significant need for a regional data manager in the two rural counties, and worked together to fund this position. This new position is coordinating homelessness data for smaller agencies who lack capacity to enter into our HMIS system. This regional data manager position is capturing and entering data for several agencies working with rural homelessness who have not previously entered data due to capacity issues. Additionally, this position is leading the Coordinated Entry and Case Conferencing subcommittees in our rural communities.

	1C-3.	Ensuring Families are not Separated.	
		NOFO Section VII.B.1.c.	

Select yes or no in the chart below to indicate how your CoC ensures emergency shelter, transitional housing, and permanent housing (PSH and RRH) do not deny admission or separate family members regardless of each family member's self-reported sexual orientation and gender identity:

1.	Conducted mandatory training for all CoC- and ESG-funded service providers to ensure families are not separated.	Yes
2.	Conducted optional training for all CoC- and ESG-funded service providers to ensure families are not separated.	Yes
3.	Worked with ESG recipient(s) to adopt uniform anti-discrimination policies for all subrecipients.	Yes
4.	Worked with ESG recipient(s) to identify both CoC- and ESG-funded facilities within your CoC's geographic area that might be out of compliance and took steps to work directly with those facilities to bring them into compliance.	Yes
5.	Sought assistance from HUD by submitting AAQs or requesting technical assistance to resolve noncompliance of service providers.	Yes
6.	Other. (limit 150 characters)	

1C-4.	CoC Collaboration Related to Children and Youth–SEAs, LEAs, School Districts.	
	NOFO Section VII.B.1.d.	

Select yes or no in the chart below to indicate the entities your CoC collaborates with:

1.	Youth Education Provider	Yes
2.	State Education Agency (SEA)	Yes
3.	Local Education Agency (LEA)	Yes
4.	School Districts	Yes

1C-4a.	Formal Partnerships with Youth Education Providers, SEAs, LEAs, School Districts.	
	NOFO Section VII.B.1.d.	

Describe in the field below the formal partnerships your CoC has with at least one of the entities where you responded yes in question 1C-4.

(limit 2,500 characters)

The CoC has formal partnerships with multiple Youth Education providers, including Wasatch Behavioral Health's Vantage Point Program, which sits on the voting membership of the CoC, participates in our Youth and Education subcommittee, and our Point in Time Count planning committee. We also have formal partnerships with Help me Grow Utah, Project Read, Boys and Girls Club, Ella Speaks, Kids on the Move, Kids Who Count, Little Brothers and Little Sisters of Utah, and more. These partnerships help us to identify families at risk of homelessness and provide needed support.

1C-4b.	Informing Individuals and Families Experiencing Homelessness about Eligibility for Educational Services.	
	NOFO Section VII.B.1.d.	

Describe in the field below written policies and procedures your CoC adopted to inform individuals and families who become homeless of their eligibility for educational services.

(limit 2,500 characters)

The written policies and procedures that our CoC has adopted to inform homeless individuals and families about educational services includes the following:
1. At each of our Coordinated Entry Points, families are given informational packets, including contact information for the McKinney-Vento coordinators in each the school districts in our geographic area.
2. During our Coordinated Entry case staffing meetings, we specifically discuss the needs of families entering our homeless system, including making assignments for case managers to connect them directly with McKinney-Vento coordinators when applicable.
3. Our youth/education subcommittee meets regularly to case staff families at risk of homeless or who have recently entered our homeless system. At this time, assignments are made to directly reach out to families to inform them of the educational services that they may be eligible for.

1C-4c.	Written/Formal Agreements or Partnerships with Early Childhood Services Providers.	
	NOFO Section VII.B.1.d.	

Select yes or no in the chart below to indicate whether your CoC has written formal agreements or partnerships with the listed providers of early childhood services:

		MOU/MOA	Other Formal Agreement
1.	Birth to 3 years	Yes	No
2.	Child Care and Development Fund	Yes	No
3.	Early Childhood Providers	Yes	No
4.	Early Head Start	Yes	No
5.	Federal Home Visiting Program–(including Maternal, Infant and Early Childhood Home and Visiting or MIECHV)	Yes	No
6.	Head Start	Yes	No
7.	Healthy Start	Yes	No
8.	Public Pre-K	No	No
9.	Tribal Home Visiting Program	No	No
	Other (limit 150 characters)		
10.			

1C-5.	Addressing Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors–Collaborating with Victim Service Providers.	
	NOFO Section VII.B.1.e.	

		Describe in the field below how your CoC regularly collaborates with organizations who help provide housing and services to survivors of domestic violence, dating violence, sexual assault, and stalking to:	
	1.	update CoC-wide policies; and	
	2.	ensure all housing and services provided in the CoC are trauma-informed and can meet the needs of survivors.	

(limit 2,500 characters)

1. We have three organizations within our geographic region that work with survivors of domestic violence or sex trafficking. All three are voting members of the CoC and sit on varying subcommittees. All three agencies have unique and strident voices when it comes to updating CoC-wide policies. All three are invaluable in helping educate about trauma-informed care and practices and ensuring that we create policies that protect and empower survivors. 2. We have trauma-informed training for the entire CoC twice a year, and these are conducted by these member DV agencies. They tailor this training to meet the unique needs of survivors in our community. Additionally, all CoC agencies are evaluated during their monitoring process on their trauma-informed responses to ensure that all housing and services provided in the CoC are geared towards meeting the unique needs of survivors and protecting their privacy and confidentiality while they are seeking services.

1C-5a.	Annual Training on Safety and Best Practices to Address the Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors.	
	NOFO Section VII.B.1.e.	

		Describe in the field below how your CoC coordinates to provide training for:	
	1.	project staff that addresses best practices (e.g., trauma-informed, victim-centered) on safety and planning protocols in serving survivors of domestic violence and indicate the frequency of the training in your response (e.g., monthly, semi-annually); and	
	2.	Coordinated Entry staff that addresses best practices (e.g., trauma informed care) on safety and planning protocols in serving survivors of domestic violence and indicate the frequency of the training in your response (e.g., monthly, semi-annually).	

(limit 2,500 characters)

1. The CoC provides training twice a year for all case managers and front line staff regarding best practices and trauma-informed, victim-centered language and protocols to ensure safety. Additionally, we partner with the Refuge (formerly
Center for Women and Children in Crisis) to provide trauma-informed, victim-centered training prior to PIT. 2. Our coordinated entry subcommittee includes staff from domestic violence service providers who help provide guidance, as needed, in our by name list committee meeting twice a month. Additionally, they provide formal training for this committee at least annually.

1C-5b.	Using De-identified Aggregate Data to Address the Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors.	
	NOFO Section VII.B.1.e.	

	Describe in the field below:	

	1.	the de-identified aggregate data source(s) your CoC uses for data on survivors of domestic violence, dating violence, sexual assault, and stalking; and
	2.	how your CoC uses the de-identified aggregate data described in element 1 of this question to evaluate how to best meet the specialized needs related to domestic violence and homelessness.

(limit 2,500 characters)

1)Both of the domestic violence service providers and our sex trafficking support provider in our geographic area use Apricot in lieu of entering into the HMIS Clienttrack system.
2)Our domestic violence service providers utilize the VISPDAT and SPDAT and enter into our HMIS system data with an internal number, rather than identifying information for these vulnerable populations. Our domestic violence service providers and sex trafficking supportive agency attend our by-name list committee meetings, and provide de-identified information for the purposes of housing placements. This allows for placement into housing projects without compromising personally identifying data.

1C-5c.	Communicating Emergency Transfer Plan to Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors.	
	NOFO Section VII.B.1.e.	

	Describe in the field below how your CoC communicates to all individuals and families seeking or receiving CoC Program assistance:
1.	the emergency transfer plan policies and procedures; and
2.	the process for individuals and families to request an emergency transfer.

(limit 2,500 characters)

1. The Mountainland Continuum of Care prioritizes the safe placement of anyone fleeing domestic violence and communicates our emergency transfer plan policies and procedures at each point of entry in our Coordinated Entry system. By utilizing the expertise of our providers in our Coordinated entry process, we adhere to best practices to maximize safety while ensuring client choice. With the adoption of our Emergency Transfer plan, as policy we utilize trauma-informed, victim-centered services to prioritize a client's safety and maximize client choice. The Housing Authority of Utah County and Provo City Housing both give top priority to survivors of domestic violence for their varying types of housing vouchers. Peace House and the Center for Women and Children in Crisis have worked for several years with Community Action Services and Food Bank to develop and disseminate a grant for housing support for survivors of dating and domestic violence, sexual assault, and stalking. Additionally, we were able to maximize our ESG funding by creating new recipient/subrecipient projects with the Christian Center of Park City and Peace House (the domestic violence shelter in Summit County.) This new funding partnership helps to support the new shelter beds opened by Peace House in order to better meet the needs of this population. Both domestic violence shelters and our sex trafficking support agency play a critical role in our CoC and by-name list subcommittees to help identity and address the safety and confidentiality of domestic violence survivors who come into our coordinated entry system. Protocols have been set in place to ensure that survivors of domestic violence can be considered for eligible housing. 2. Survivors of domestic violence, dating violence, stalking, or sex trafficking work one-on-one with a case manager and a housing placement coordinator to ensure that client choice is utilized in their placement. Clients can request an emergency transfer at any time through their case manager or through the housing placement coordinator.

1C-5d.	Access to Housing for Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking.	
	NOFO Section VII.B.1.e.	

	Describe in the field below how your CoC ensures that survivors of domestic violence, dating violence, sexual assault, or stalking have access to all of the housing and services available within the CoC's geographic area.

(limit 2,500 characters)

Our CoC ensures that survivors of domestic violence and sex trafficking have access to all the housing and services available in our geographic region through our Coordinated Entry processes. This process includes utilizing de-identified information in our prioritization processes and case staffing meetings. Additionally, our housing authorities have MOUs with the domestic violence service providers in our region to expedite survivors into varying housing types.

1C-5e.	Including Safety, Planning, and Confidentiality Protocols in Coordinated Entry to Address the Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors.	
	NOFO Section VII.B.1.e.	

	Describe in the field below how your CoC's coordinated entry includes:
1.	safety protocols,

2.	planning protocols, and	
3.	confidentiality protocols.	

(limit 2,500 characters)

1. Our Coordinated Entry process prioritizes the safety of survivors of domestic violence by using only de-identified information in our prioritization and case conferencing sessions. Case managers from our domestic violence service providers attend our coordinated entry meetings, prioritization meetings, and case conferencing sessions to advocate for their clients without providing any identifying information. 2. In our planning protocols, we rely heavily on the case managers from our domestic violence service providers to help us create strategies in Coordinated Entry that provide access to services for all survivors without putting them at risk. Additionally in our planning process, we have found that our PIT data shows a high percentage of individuals in our community experiencing homelessness due to an incident of domestic violence. This has helped inform decision making and planning around providing additional set aside PSH units for survivors of domestic violence. We recently acquired a complex of 2 and 3 bedroom units that will be exclusively for placement from our DV providers. These units will go online Nov. 2022. 3. In our coordinated entry process, our DV providers utilize a comparable database and deidentified information to ensure that survivors have full access to our placement and prioritization without jeopardizing their confidentiality and safety.

1C-6.	Addressing the Needs of Lesbian, Gay, Bisexual, Transgender and Queer+–Anti-Discrimination Policy and Training.	
	NOFO Section VII.B.1.f.	

1.	Did your CoC implement a written CoC-wide anti-discrimination policy ensuring that LGBTQ+ individuals and families receive supportive services, shelter, and housing free from discrimination?	Yes
2.	Did your CoC conduct annual CoC-wide training with providers on how to effectively implement the Equal Access to Housing in HUD Programs Regardless of Sexual Orientation or Gender Identity (Equal Access Final Rule)?	Yes
3.	Did your CoC conduct annual CoC-wide training with providers on how to effectively implement Equal Access in Accordance With an Individual's Gender Identity in Community Planning and Development Programs (Gender Identity Final Rule)?	Yes

1C-6a.	Anti-Discrimination Policy–Updating Policies–Assisting Providers–Evaluating Compliance–Addressing Noncompliance.	
	NOFO Section VII.B.1.f.	

	Describe in the field below:
1.	whether your CoC updates its CoC-wide anti-discrimination policy, as necessary, based on stakeholder feedback;
2.	how your CoC assisted providers in developing project-level anti-discrimination policies that are consistent with the CoC-wide anti-discrimination policy ensuring that LGBTQ+ individuals and families receive supportive services, shelter, and housing free from discrimination;
3.	your CoC's process for evaluating compliance with your CoC's anti-discrimination policies; and
4.	your CoC's process for addressing noncompliance with your CoC's anti-discrimination policies.

(limit 2,500 characters)

1. Our CoC updates it's anti-discrimination policy frequently, and relies heavily on stakeholder feedback. We updated our policies and procedures in Feb 2022 and have another update coming in November, based on recommendations from members of our rank and review committee for this NOFO. 2. Our CoC offered one-on-one consultation with staff members and agencies to ensure that their project-level policies are consistent with the CoC's anti-discrimination policies. Additionally, in our CoC and state monitoring visits, agencies were evaluated on the language of their intake and project forms, training given on an agency level, and measurable action item that have been taken to ensure anti-discrimination. 3. We evaluate compliance with our anti-discrimination policies by including these policies in our monitoring visits. Additionally, we rely on the expertise of agencies and individuals working with LGBTQ+ populations and racial minority populations. These discussions inform our monitoring process and the development of our CoC and agency policies. 4. We have yet to have the need to address non-compliance, but agencies that are in non-compliance and unwilling to take steps to be compliant would not receive CoC recommendations for CoC, federal, state, county, or city funding.

1C-7.	Public Housing Agencies within Your CoC's Geographic Area–New Admissions–General/Limited Preference–Moving On Strategy.	
	NOFO Section VII.B.1.g.	

You must upload the PHA Homeless Preference\PHA Moving On Preference attachment(s) to the 4B. Attachments Screen.
Enter information in the chart below for the two largest PHAs highlighted in gray on the FY 2021 CoC-PHA Crosswalk Report or the two PHAs your CoC has a working relationship with–if there is only one PHA in your CoC's geographic area, provide information on the one:

Public Housing Agency Name	Enter the Percent of New Admissions into Public Housing and Housing Choice Voucher Program During FY 2021 who were experiencing homelessness at entry	Does the PHA have a General or Limited Homeless Preference?	Does the PHA have a Preference for current PSH program participants no longer needing intensive supportive services, e.g., Moving On?
Provo City Housing Authority	19%	Yes-Both	Yes
Housing Authority of Utah County	21%	Yes-Both	Yes

1C-7a.	Written Policies on Homeless Admission Preferences with PHAs.	
	NOFO Section VII.B.1.g.	

	Describe in the field below:
1.	steps your CoC has taken, with the two largest PHAs within your CoC's geographic area or the two PHAs your CoC has working relationships with, to adopt a homeless admission preference–if your CoC only has one PHA within its geographic area, you may respond for the one; or
2.	state that your CoC has not worked with the PHAs in its geographic area to adopt a homeless admission preference.

(limit 2,500 characters)

The Mountainland CoC partners closely with the Provo City Housing Authority and Housing Authority of Utah County to adopt a homeless admission preference to housing. Both housing authorities are active in our by-name list and coordinated entry
discussions and work closely with outreach programs and other CoC agencies to make sure that the most vulnerable homeless individuals are given preference into housing programs that they qualify for. Our CoC has adopted the use of the SPDAT assessment tool to ensure that those who are most vulnerable are first served. We have written MOUs with both Housing Authority agencies to ensure that homeless individuals identified on our by-name list with high vulnerability are given admission preference.

1D-2.	Housing First–Lowering Barriers to Entry.	
	NOFO Section VII.B.1.i.	

1.	Enter the total number of new and renewal CoC Program-funded PSH, RRH, SSO non-coordinated entry, Safe-Haven, and Transitional Housing projects your CoC is applying for in FY 2022 CoC Program Competition.	11
2.	Enter the total number of new and renewal CoC Program-funded PSH, RRH, SSO non-coordinated entry, Safe-Haven, and Transitional Housing projects your CoC is applying for in FY 2022 CoC Program Competition that have adopted the Housing First approach.	11
3.	This number is a calculation of the percentage of new and renewal PSH, RRH, SSO non-Coordinated Entry, Safe-Haven, and Transitional Housing projects the CoC has ranked in its CoC Priority Listing in the FY 2022 CoC Program Competition that reported that they are lowering barriers to entry and prioritizing rapid placement and stabilization to permanent housing.	100%

1D-2a.	Project Evaluation for Housing First Compliance.	
	NOFO Section VII.B.1.i.	

	Describe in the field below:	
1.	how your CoC evaluates every recipient–that checks Housing First on their Project Application–to determine if they are actually using a Housing First approach;	
2.	the list of factors and performance indicators your CoC uses during its evaluation; and	
3.	how your CoC regularly evaluates projects outside of the competition to ensure the projects are using a Housing First approach.	

(limit 2,500 characters)

1)The CoC regularly monitors projects that commit to Housing First approaches for CoC or state funding. These monitoring visits consist of one-on-one meetings with the project manager and the collaborative applicant, quarterly data pulls from HMIS looking at criteria upon entry, quarterly data pulls looking at outcome reports, and in- depth discussions on placement during our twice-a-month coordinated entry/prioritization list committee meetings. These robust discussions include by-name discussions about those who are both engaged in services and not yet engaged in services. Placements for housing first projects prioritize individuals and families who score the highest on the VISPDAT, SPDAT, and FSPDAT. Both Housing Authority agencies participate in the by-name list and monthly give updates about types of housing coming available, waiting list status, and individuals who are struggling to retain their housing. 2) Agencies are required to participate in our Coordinated Entry and prioritization process. This ensures that every person and every agency has equal access to housing openings, and we can place the most vulnerable first in the available resources. Additional factors and indicators include a requirement that agencies take individuals regardless of their housing history, substance use history or commitment to treatment, mental health history or commitment to treatment, or financial history or means. 3) Projects applying for any type of state homelessness funding must also participate in Coordinated Entry and Prioritization. Additionally, the CoC executive committee and collaborative applicant meet one-on-one annually with housing providers in our CoC who are not seeking CoC funds to educate about and evaluate on their process of admission to ensure they adhere to Housing First principles.

1D-3.	Street Outreach–Scope.	
	NOFO Section VII.B.1.j.	

	Describe in the field below:	
1.	your CoC's street outreach efforts, including the methods it uses to ensure all persons experiencing unsheltered homelessness are identified and engaged;	
2.	whether your CoC's Street Outreach covers 100 percent of the CoC's geographic area;	
3.	how often your CoC conducts street outreach; and	
4.	how your CoC tailored its street outreach to persons experiencing homelessness who are least likely to request assistance.	

(limit 2,500 characters)

1. Our street outreach consists of dedicated persons from Wasatch Behavioral Health in partnership with CoC membership
agencies and our community's mental health outreach officers. Our street outreach teams work closely with local mental health outreach offices and service agencies to act whenever there is a report of someone
living in a place not meant for habitation. During our annual PIT, volunteers provide street outreach contact cards to local late night or 24/7 businesses with instructions to call if they encounter someone who is homeless during the year. With our network of service providers, mental health outreach officers, and concerned citizens reaching out to our street outreach team, we have been able to adequately reach individuals in all areas of our region, even if these areas are not regularly covered during street outreach.
2. Our street outreach team regularly covers about 75% of our geographic region, with agency support contacting outreach when needed in our remaining rural areas.
3. Street outreach is conducted 5 days a week and is led by mental health professionals trained in trauma-informed care. Street outreach teams also include at least one formerly homeless individual as a peer support specialist.
4. Our street outreach teams frequent areas of high traffic for unsheltered individuals and provide "in-reach" services by meeting with individuals at drop-in soup kitchens and homeless resource centers five days a week. They also participate with mental health officers to connect with people identified on weekends.
This "in-reach" process helps connect outreach teams with individuals who are not as conspicuously homeless, allowing for better access to service for those who are less likely to request help or call attention to themselves through panhandling or public camping. Additionally, we have found that veterans are less
likely to request assistance from outreach workers, so we coordinate services with the local veteran council, American Legion, and a case manager through the VA who can directly address the specific needs of veterans.

1D-4.	Strategies to Prevent Criminalization of Homelessness.	
	NOFO Section VII.B.1.k.	

Select yes or no in the chart below to indicate strategies your CoC implemented to ensure homelessness is not criminalized and to reverse existing criminalization policies in your CoC's geographic area:

		Ensure Homelessness is not Criminalized	Reverse Existing Criminalization Policies
1.	Engaged/educated local policymakers	Yes	Yes
2.	Engaged/educated law enforcement	Yes	Yes
3.	Engaged/educated local business leaders	Yes	Yes
4.	Implemented community wide plans	Yes	Yes
5.	Other:(limit 500 characters)

1D-6.	Mainstream Benefits–CoC Annual Training of Project Staff.	
	NOFO Section VII.B.1.m.	

	Indicate in the chart below whether your CoC trains program staff annually on the following mainstream benefits available for program participants within your CoC's geographic area:	

	Resource	CoC Provides Annual Training?
1.	Food Stamps	Yes
2.	SSI–Supplemental Security Income	Yes
3.	TANF–Temporary Assistance for Needy Families	Yes
4.	Substance Abuse Programs	Yes
5.	Employment Assistance Programs	Yes
6.	Other (limit 150 characters)	

1D-6a.	Information and Training on Mainstream Benefits and Other Assistance.	
	NOFO Section VII.B.1.m	

	Describe in the field below how your CoC:	
1.	systemically provides up-to-date information on mainstream resources available for program participants (e.g., Food Stamps, SSI, TANF, substance abuse programs) within your CoC's geographic area;	
2.	works with project staff to collaborate with healthcare organizations, including substance abuse treatment and mental health treatment, to assist program participants with receiving healthcare services; and	
3.	works with projects to promote SSI/SSDI Outreach, Access, and Recovery (SOAR) certification of program staff.	

(limit 2,500 characters)

1. The CoC partners with the Department of Workforce services to provide an annual training for all CoC agencies on mainstream benefits available, how to apply for mainstream benefits, and any new changes or developments with mainstream benefits. Additionally, DWS is involved on a CoC and subcommittee level to inform the CoC executive committee and member agencies of any upcoming changes to resources. The CoC coordinates annual trainings with DWS about mainstream benefits for all members and agencies, highlighting new or changing resources. Additionally, the CoC sends out a monthly electronic newsletter to all CoC agencies with up-to-date information and programmatic changes. 2. Agencies in the CoC have specifically-trained staff members to help clients apply for health insurance that they are eligible for or other health resources that are available. Additionally, the CoC staff provides annual training in our CoC meetings from healthcare organizations to consistently train CoC agencies on the availability of
health insurance and health care in our community for program participants. 3. With our state's fairly recent Medicaid expansion in the state of Utah, CoC organizations have been diligent
in quickly identifying participants who may qualify for Medicaid and other benefits. Member agencies have employed and trained staff specific to navigating the Medicaid application process. Wasatch Behavioral Health, a CoC partner agency, holds weekly walk-in sessions for individuals who are interested in applying for Medicaid or receiving information about the new expanded Medicaid. We additionally partner with an organization called Community Health Connect, which has a Medicaid navigator on staff who helps walk individuals through the application process.

1D-7.	Increasing Capacity for Non-Congregate Sheltering.	
	NOFO Section VII.B.1.n.	

	Describe in the field below how your CoC is increasing its capacity to provide non-congregate sheltering.

(limit 2,500 characters)

We are currently partnering with Provo City Housing Authority and have a motel under contract that will serve as a non-congregate shelter. The motel will belong to a CoC member agency and be staffed with partner agencies in the CoC. The motel requires minimal renovations and will be the first drop-in, non domestic violence emergency shelter that we will have in our geographic region. We expect that this will be operational in January 2023.

ID-8.	Partnerships with Public Health Agencies–Collaborating to Respond to and Prevent Spread of Infectious Diseases.	
	NOFO Section VII.B.1.o.	

	Describe in the field below how your CoC effectively collaborates with state and local public health agencies to:
1.	develop CoC-wide policies and procedures to respond to infectious disease outbreaks; and
2.	prevent infectious disease outbreaks among people experiencing homelessness.

(limit 2,500 characters)

1. Our CoC collaborates with both local and state Health Departments. We attend meetings every other month with public health agencies to keep us posted on infectious disease outbreaks, specifically COVID-19 and Monkeypox currently. Additionally, in partnership, we developed policies and procedures for service providers to help mitigate the spread of infectious disease outbreaks. These procedures include making masks, gloves, disinfectant products, and COVID tests widely available at no cost for service agencies. Additionally, we partnered with the Health Department and received a grant to provide increased hygiene and infectious disease mitigation in encampments located in our community. We anticipate this will help us minimize infectious disease outbreaks and respond quickly when outbreaks occur. 2. In partnership with our local health department and street outreach teams, individuals who have been exposed to COVID-19 or have tested positive for COVID-19 are being sheltered in quarantine and isolation hotels to keep outbreaks from happening within our unsheltered homeless population. Additionally, we have mobile vaccine and testing clinics that are traveling to areas where they are high concentrations of unsheltered homeless. We recently distributed rapid antigen COVID tests to all of our street outreach workers, which were provided by the health department. This allows street outreach workers to quickly identify, test, and quarantine individuals who may have COVID and prevent infectious disease outbreaks.

ID-8a.	Collaboration With Public Health Agencies on Infectious Diseases.	
	NOFO Section VII.B.1.o.	

	Describe in the field below how your CoC effectively equipped providers to prevent or limit infectious disease outbreaks among program participants by:
1.	sharing information related to public health measures and homelessness, and
2.	facilitating communication between public health agencies and homeless service providers to ensure street outreach providers and shelter and housing providers are equipped to prevent or limit infectious disease outbreaks among program participants.

(limit 2,500 characters)

1. Our CoC leadership meets regularly with other CoCs and public health departments to discuss best practices for preventing and limiting infectious disease outbreaks. This information is shared via our email newsletter and in our CoC meetings. Additionally, we get weekly email updates from public health agencies with updates related to public health measures and homelessness and these are disseminated through our CoC email list. 2. Our CoC lead coordinates communication between public health agencies and homeless service providers to ensure that all of our needs are met to prevent or limit infectious disease outbreaks. The health department is currently supplying our CoC with all the preventative equipment that we need, along with COVID rapid antigen tests. Additionally, the CoC lead ensures that funding opportunities for disease mitigation are quickly disseminated through service providers, and we collaborate to ensure that we strategically apply for funding to help close service gaps related to infectious disease risk and outbreaks in our homeless population.

1D-9.	Centralized or Coordinated Entry System–Assessment Process.	
	NOFO Section VII.B.1.p.	

		Describe in the field below how your CoC's coordinated entry system:
	1.	covers 100 percent of your CoC's geographic area;
	2.	uses a standardized assessment process; and
	3.	is updated regularly using feedback received from participating projects and households that participated in coordinated entry.

(limit 2,500 characters)

1. The CoC uses a coordinated entry system across all three counties (100 percent) of our
geographic area. Due to our widespread coverage the coordinated entry process
reaches both individuals who are less likely to engage in services as well as
individuals who are high service utilizers. The CoC strongly supports
prioritizing services for the most vulnerable in our community and agencies
within the CoC are continually exploring new ways to reach those who are less
likely to engage in services. 2. The CoC uses the VI-SPDAT and SPDAT in
alignment with
the other CoCs in the state. Every point of entry into the homeless system uses
the same coordinated entry assessments in all three counties. While we
currently use these assessment tools, we are in discussions with the other
CoCs in the state to migrate to a new assessment that better reflects the needs
of special demographics within our homeless population. We acknowledge the
disparities of the VI-SPDAT and SPDAT assessment and are actively and
urgently seeking a new tool. Our Coordinated Entry committees meet at least
twice a month to staff and discuss the
needs of individuals on our prioritized list, as well as individuals who have not
yet engaged with service agencies but have been recognized as homeless in
our
community. This committee regularly meets to discuss individuals who have
been assessed at a higher vulnerability. The committee prioritizes individuals
scoring a 40+ on the SPDAT, a 12+ on the VISPDAT, or
are identified as veterans, chronically homeless, recent entries into our
homeless system, or homeless youth. This ensures that those most vulnerable
receive priority assistance. This also allows COC agencies to provide
wraparound services for the most vulnerable as we coordinate around an
individual's unique needs. 3. Our Coordinated Entry process is continually
adding points of entry to help ensure that individuals are able to enter our
homeless delivery system through as many access points as possible. Our
CoC meets regularly with other Coordinated Entry leads across the state to
ensure that we are utilizing best practices that meet the special needs in our
communities. Through these discussions in the last year, we began earnestly
seeking an assessment tool that better promotes racial equity and eliminates
barriers for LGBT populations. We are committed to updating our processes
regularly to eliminate disparity for marginalized populations and strive for equity.

	1D-9a.	Program Participant-Centered Approach to Centralized or Coordinated Entry.	
		NOFO Section VII.B.1.p.	

		Describe in the field below how your CoC's coordinated entry system:
	1.	reaches people who are least likely to apply for homeless assistance in the absence of special outreach;
	2.	prioritizes people most in need of assistance;
	3.	ensures people most in need of assistance receive permanent housing in a timely manner, consistent with their preferences; and
	4.	takes steps to reduce burdens on people using coordinated entry.

(limit 2,500 characters)

1.Every point of entry into our CoC's homeless system uses the same coordinated entry assessments in all three counties. Due to our widespread coverage, the coordinated entry process reaches both individuals who are less likely to engage in services as well as individuals who are frequent service consumers. The CoC strongly supports prioritizing services for the most vulnerable in our community and agencies within the CoC are continually exploring new ways to reach those who are less likely to engage in services. Our Coordinated Support Services committee (CE committee) meets at least twice a month to staff and discuss the needs of individuals on our prioritized list, as well as individuals identified by law enforcement, community members, or outreach workers who have not yet engaged with service agencies but are recognized as homeless in our community. 2. Our CSS committee regularly meets to discuss individuals by name who have been assessed at a higher vulnerability. The committee prioritizes individuals scoring a 40+ on the SPDAT, a 12+ on the VISPDAT, or are identified as veterans, chronically homeless, survivors of domestic violence, or homeless youth. This ensures that those most vulnerable receive priority assistance and that there is equal access to available housing beds for anyone entering the homeless system. This also allows COC agencies to provide wraparound services for the most vulnerable as we coordinate around an individual's unique needs. 3. Our CoC is in alignment with the state strategic plan of making homelessness rare, brief, and non-recurring. Additionally, we pull a list of individuals who have entered the homeless system within the last 60 days to discuss their needs, vulnerabilities, and how we can best connect them quickly with applicable resources. 4. In the past year, we have started coordinating with other CE programs around the state to finalize best practice standards to reduce the burden on individuals in our CE processes. Additionally, we recognize that disclosure for individuals can lead to additional trauma, so we have increased access to trauma-informed trainings for front-line staff and taken steps to ensure that redundant or repetitive CE assessments are minimized. CoC has also implemented a rigorous internal evaluation of intake forms across member agencies to ensure that we are reducing barriers for LGBT populations by removing binary gender questions and creating more inclusive options for self-identity.

1D-10.	Promoting Racial Equity in Homelessness–Conducing Assessment.	
	NOFO Section VII.B.1.q.	

1.	Has your CoC conducted a racial disparities assessment in the last 3 years?	Yes
2.	Enter the date your CoC conducted its latest assessment for racial disparities.	11/11/2021

1D-10a.	Process for Analyzing Racial Disparities–Identifying Racial Disparities in Provision or Outcomes of Homeless Assistance.	
	NOFO Section VII.B.1.q.	

	Describe in the field below:
1.	your CoC's process for analyzing whether any racial disparities are present in the provision or outcomes of homeless assistance; and
2.	what racial disparities your CoC identified in the provision or outcomes of homeless assistance.

(limit 2,500 characters)

1. Our CoC conducted an analysis of racial and ethnic data for clients enrolled in Mountainland CoC projects in HMIS from 7/1/2020 to 6/30/2021. This analysis looks both at those enrolling in homeless services projects in HMIS and those indicated as exiting during the time frame. We compared this data with the 2020 Census information. 2. The majority of racial and ethnic minorities make up a disproportionately high percentage of those receiving services when compared to 2020 Census data for the CoC.
•Black or African American individuals make up 4.6% of those receiving homeless services, but only 0.6% of the total population. This population is 7.2 times larger than we would expect based on the CoC's demographics.
•American Indian or Alaska Native individuals make up 2.8% of those receiving homeless services, but only 0.7% of the total population. This population is 4.1 times larger than we would expect based on the CoC's demographics.
•Native Hawaiian or Other Pacific Islander individuals make up 2.1% of those receiving homeless services, but only 0.9% of the total population. This population is 2.2 times larger than we would expect based on the CoC's demographics.
•Hispanic or Latino individuals make up 17.2% of those receiving homeless services, but only 13.3% of the total population. This population is 1.3 times larger than we would expect based on the CoC's demographics.
•White, Asian, multi-racial, and Non-Hispanic or Latino individuals each represent smaller percentages of those receiving homeless services than we would expect based on the CoC's demographics.
With regards to outcomes, we found that while there is relative racial and ethnic equity in those exiting the system to a permanent destination, a smaller percentage of those identifying as Asian or Asian American and Native Hawaiian or Alaska Native exit to permanent destinations than we would expect based on the racial demographics of those accessing services.

1D-10b.	Strategies to Address Racial Disparities.	
	NOFO Section VII.B.1.q.	

	Select yes or no in the chart below to indicate the strategies your CoC is using to address any racial disparities.

1.	The CoC's board and decisionmaking bodies are representative of the population served in the CoC.	Yes
2.	The CoC has identified steps it will take to help the CoC board and decisionmaking bodies better reflect the population served in the CoC.	Yes
3.	The CoC is expanding outreach in geographic areas with higher concentrations of underrepresented groups.	Yes
4.	The CoC has communication, such as flyers, websites, or other materials, inclusive of underrepresented groups.	Yes
5.	The CoC is training staff working in the homeless services sector to better understand racism and the intersection of racism and homelessness.	Yes
6.	The CoC is establishing professional development opportunities to identify and invest in emerging leaders of different races and ethnicities in the homelessness sector.	Yes
7.	The CoC has staff, committees, or other resources charged with analyzing and addressing racial disparities related to homelessness.	Yes
8.	The CoC is educating organizations, stakeholders, boards of directors for local and national nonprofit organizations working on homelessness on the topic of creating greater racial and ethnic diversity.	Yes
9.	The CoC reviewed coordinated entry processes to understand their impact on people of different races and ethnicities experiencing homelessness.	Yes
10.	The CoC is collecting data to better understand the pattern of program use for people of different races and ethnicities in its homeless services system.	Yes
11.	The CoC is conducting additional research to understand the scope and needs of different races or ethnicities experiencing homelessness.	Yes

1D-10c.	Actions Taken to Address Known Disparities.	
	NOFO Section VII.B.1.q.	

	Describe in the field below the steps your CoC and homeless providers have taken to address disparities identified in the provision or outcomes of homeless assistance.

(limit 2,500 characters)

In our Dec. 2021 strategic planning meeting, shortly after the Nov 2021 Racial Disparity report, we included steps in our 2022 strategic CoC goals to help address disparities identified. In our 2022 monitoring of CoC funded and state funded agencies, we asked agencies to discuss how they are providing training on an agency level to address systemic racism and disparity. Additionally we asked them to set specific and measurable goals over the next year of their funding on how they will address disparities on their agencies end. We modified our rank and review scoring documents for 2022 CoC competition to weigh heavily addressing racial disparity, and changed the participation in our rank and review committee to bring in an expert in racial equity to help evaluate the measurable plans provided by each agency. We also set goals as a CoC to bring in member agencies to the CoC that deal specifically with racial equity in our community, and brought in CoC training on equity. We will be measuring the effectiveness of their steps in our 2023 strategic plan (Dec 2022), by pulling another racial disparity assessment with the same data points as our 2021 assessment. This will allow us to see from a data perspective if we are successfully addressing these disparities and creating actual change, and if not, allow us to course correct to be more effect and have better specific, measurable outcomes.

1D-10d.	Tracking Progress on Preventing or Eliminating Disparities.	
	NOFO Section VII.B.1.q.	

Describe in the field below the measures your CoC has in place to track progress on preventing or eliminating disparities in the provision or outcomes of homeless assistance.

(limit 2,500 characters)

We will be measuring our progress in preventing or eliminating disparities in our 2023 strategic plan (Dec 2022), by pulling another racial disparity assessment with the same data points as the assessment that we conducted in Nov 2021. This will give us a side-by-side comparison of data points and will allow us to see from a measurable data perspective if we are successfully addressing these disparities and creating actual change, and if not, allow us to course correct to be more effect and have better specific, measurable outcomes. Additionally, we have training scheduled for later this year with our HMIS lead on using the new System Modeling Toolkit and Stella M Module provided by HUD to help us track system performance measures, particularly around issues of equity and disparity. This will give us a second data starting point to compare our progress year to year.

1D-11.	Involving Individuals with Lived Experience of Homelessness in Service Delivery and Decisionmaking–CoC's Outreach Efforts.	
	NOFO Section VII.B.1.r.	

Describe in the field below your CoC's outreach efforts (e.g., social media announcements, targeted outreach) to engage those with lived experience of homelessness in leadership roles and decision making processes.

(limit 2,500 characters)

Our CoC conducts outreach through email campaigns, social media announcement, targeted outreach, and personal invitation from case managers for individuals with lived experience to participate in leadership roles and decision making processes. One of our stated goals for 2022 as a CoC was that we were going to "make decisions with instead of for." We recognize the importance of those with lived experience and those who will be impacted by decisions being involved with the decision-making process. We also recognize that it's important to have multiple people with lived experience participating, because no one's experience with homelessness is the same. We utilized the expertise of an individual with lived experience on our competition rank and review committee and refined language in our project applications based on her recommendations. We utilize the expertise of individuals with lived experience in our PIT planning and coordination, specifically in ensuring that the questions we ask are minimally invasive and that we use procedures that will not cause trauma to those we are questioning. We partner with Wasatch Behavioral Health and coordinate with their Peer Specialists, who are individuals with lived experience who are hired to assist with street outreach and wraparound services.

1D-11a.	Active CoC Participation of Individuals with Lived Experience of Homelessness.	
	NOFO Section VII.B.1.r.	

	Enter in the chart below the number of people with lived experience who currently participate in your CoC under the five categories listed:	

	Level of Active Participation	Number of People with Lived Experience Within the Last 7 Years or Current Program Participant	Number of People with Lived Experience Coming from Unsheltered Situations
1.	Included and provide input that is incorporated in the local planning process.	2	2
2.	Review and recommend revisions to local policies addressing homelessness related to coordinated entry, services, and housing.	2	2
3.	Participate on CoC committees, subcommittees, or workgroups.	12	12
4.	Included in the decisionmaking processes related to addressing homelessness.	2	2
5.	Included in the development or revision of your CoC's local competition rating factors.	2	2

1D-11b.	Professional Development and Employment Opportunities for Individuals with Lived Experience of Homelessness.	
	NOFO Section VII.B.1.r.	

	Describe in the field below how your CoC or CoC membership organizations provide professional development and employment opportunities to individuals with lived experience of homelessness.	

(limit 2,500 characters)

Employment opportunities for individuals with lived experiences of homelessness are provided by member organizations within our CoC. Wasatch Behavioral Health employs individuals with lived experience as Peer Specialists to help with outreach and wraparound services for those experiencing homelessness. Provo Housing Authority also provides employment opportunities for individuals with lived experience as live-in property managers with stipends for the permanent supportive housing project. Member agencies such as Ability First, DWS, and Wasatch Behavioral Health also provide opportunities for job coaching and professional development for individuals with lived experience.

1D-11c.	Routinely Gathering Feedback and Addressing Challenges of Individuals with Lived Experience of Homelessness.	
	NOFO Section VII.B.1.r.	

	Describe in the field below how your CoC:
1.	how your CoC routinely gathered feedback from people experiencing homelessness and people who have received assistance through the CoC or ESG program on their experience receiving assistance; and
2.	the steps your CoC has taken to address challenges raised by people with lived experience of homelessness

(limit 2,500 characters)

1. Our CoC routinely gathers feedback from individuals experiencing homelessness through the use of anonymous surveys at many of our partner agencies. These anonymous surveys are shared regularly in CoC meetings and through our strategic planning processes. 2. We have found that many of the challenges raised by individuals with lived experience include difficulties accessing services due to problems with transportation, identification, and access points. The steps that we have taken to address these issues are first, expanding the use of our free bus pass program for individuals who are homeless and increasing access points to these passes; second, ensured that all access points in our coordinated entry system are able to certify that an individual is homeless for the purpose of having state fees waived for identification and utilizing a private fund called the Housing First Fund to pay for additional costs for IDs, such as out-of-state birth certificates; and third, increase access points to coordinated entry, including a 24/7 crisis center that was opened this year by Wasatch Behavioral Health, a member organization of the CoC.

1D-12.	Increasing Affordable Housing Supply.	
	NOFO Section VII.B.1.t.	

	Describe in the field below at least 2 steps your CoC has taken in the past 12 months that engage city, county, or state governments that represent your CoC's geographic area regarding the following:
1.	reforming zoning and land use policies to permit more housing development; and
2.	reducing regulatory barriers to housing development.

(limit 2,500 characters)

1. First, our CoC, in partnership with the other CoCs in the state, worked with our last legislative session to increase funding, zoning exceptions, and land use policies across the state. The result of this collaboration was 55 million dollars of legislative set-aside for the development of deeply affordable housing (30 percent AMI or under.) We also collaborated in the allocation process for projects under this funding. Second, our CoC leadership is participating in a Utah County Working Group addressing common challenges for homelessness, including zoning and land use permits. This group is comprised of CoC leadership, service partners, community leaders, and elected officials.

2. First, we have held educational housing charettes including local government leadership and city planners to discuss reductions to barriers in housing development, specifically for higher density housing projects. We have found some success in reducing some barriers, such as accessory dwellings. Second, our Utah County Work Group is working in partnership with local and state elected officials to identify regulatory barriers to the creation of deeply affordable housing units in our community.

1E. Project Capacity, Review, and Ranking–Local Competition

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

- Notice of Funding Opportunity (NOFO) for Fiscal Year (FY) 2022 Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants;
  - 24 CFR part 578;
  - FY 2022 CoC Application Navigational Guide;
  - Section 3 Resources;
  - PHA Crosswalk; and
  - Frequently Asked Questions

1E-1.	Web Posting of Your CoC's Local Competition Deadline–Advance Public Notice.	
	NOFO Section VII.B.2.a. and 2.g.	
	You must upload the Local Competition Deadline attachment to the 4B. Attachments Screen.	

	Enter the date your CoC published the deadline for project applicants to submit their applications to your CoC's local competition.	08/03/2022

1E-2.	Project Review and Ranking Process Your CoC Used in Its Local Competition. We use the response to this question and the response in Question 1E-2a along with the required attachments from both questions as a factor when determining your CoC's eligibility for bonus funds and for other NOFO criteria below.	
	NOFO Section VII.B.2.a., 2.b., 2.c., and 2.d.	

	You must upload the Local Competition Scoring Tool attachment to the 4B. Attachments Screen.
	Select yes or no in the chart below to indicate how your CoC ranked and selected project applications during your local competition:

1.	Established total points available for each project application type.	Yes
2.	At least 33 percent of the total points were based on objective criteria for the project application (e.g., cost effectiveness, timely draws, utilization rate, match, leverage), performance data, type of population served (e.g., DV, youth, Veterans, chronic homelessness), or type of housing proposed (e.g., PSH, RRH).	Yes
3.	At least 20 percent of the total points were based on system performance criteria for the project application (e.g., exits to permanent housing destinations, retention of permanent housing, length of time homeless, returns to homelessness).	Yes
4.	Provided points for projects that addressed specific severe barriers to housing and services.	Yes
5.	Used data from comparable databases to score projects submitted by victim service providers.	Yes

	1E-2a.	Scored Project Forms for One Project from Your CoC's Local Competition. We use the response to this question and Question 1E-2. along with the required attachments from both questions as a factor when determining your CoC's eligibility for bonus funds and for other NOFO criteria below.	
		NOFO Section VII.B.2.a., 2.b., 2.c., and 2.d.	

You must upload the Scored Forms for One Project attachment to the 4B. Attachments Screen.
Complete the chart below to provide details of your CoC's local competition:

	1.	What were the maximum number of points available for the renewal project form(s)?	150
	2.	How many renewal projects did your CoC submit?	9
	3.	What renewal project type did most applicants use?	Tie

	1E-2b.	Addressing Severe Barriers in the Local Project Review and Ranking Process.	
		NOFO Section VII.B.2.d.	

		Describe in the field below:
	1.	how your CoC collected and analyzed data regarding each project that has successfully housed program participants in permanent housing;
	2.	how your CoC analyzed data regarding how long it takes to house people in permanent housing;
	3.	how your CoC considered the specific severity of needs and vulnerabilities experienced by program participants preventing rapid placement in permanent housing or the ability to maintain permanent housing when your CoC ranked and selected projects; and
	4.	considerations your CoC gave to projects that provide housing and services to the hardest to serve populations that could result in lower performance levels but are projects your CoC needs in its geographic area.

(limit 2,500 characters)

1. Our CoC required project applications to submit data for analysis pulled from our HMIS data system (or for DV projects, de-identified data from Apricot). We required them to submit the latest APR that shows retention rates in permanent housing. 2. We utilized information from HMIS to analyze data about length of time from intake into a program until placement in permanent housing for each program. 3. Our scoring process awards points for populations that are significantly more vulnerable, such as chronically homeless, disabled populations, and domestic violence survivors. In our rank and review process, projects serving a higher percentage of severe barriers and needs are awarded additional points. 4. Points were awarded through our rank and review process for CoC priority populations, which are specific to the needs of our community. Our highest priority needs for projects in our community right now are centered around chronically homeless individuals and survivors of domestic violence. Our 2022 PIT numbers indicated a high percentage of our unsheltered population are either chronically homeless or survivors of domestic violence. Projects serving these higher need populations were given additional points based on CoC priority.

	1E-3.	Promoting Racial Equity in the Local Competition Review and Ranking Process.	
		NOFO Section VII.B.2.e.	

		Describe in the field below:
	1.	how your CoC obtained input and included persons of different races, particularly those over-represented in the local homelessness population;
	2.	how the input from persons of different races, particularly those over-represented in the local homelessness population, affected how your CoC determined the rating factors used to review project applications;
	3.	how your CoC included persons of different races, particularly those over-represented in the local homelessness population, in the review, selection, and ranking process; and
	4.	how your CoC rated and ranked projects based on the degree to which their project has identified any barriers to participation (e.g., lack of outreach) faced by persons of different races and ethnicities, particularly those over-represented in the local homelessness population, and has taken or will take steps to eliminate the identified barriers.

(limit 2,500 characters)

1. Our rank and review draft was discussed in a public CoC meeting, and was subsequently sent out through our full CoC mailing list, which includes agencies and individuals serving racial minorities or who are racial minorities. While no public comments were given on our posted draft, we had robust discussions in our CoC meeting that reflected input from persons of different races. 2. These discussions included the need for our promotion of racial equity to be more than performative, and begin to include specific measures to determine progress in addressing these disparities. It's not enough to commit to addressing disparities-there must be measurable actions in place to ensure accountability of the CoC and program applicants. 3. We invited the executive director for a program called Centro Hispano to participate on our rank and review committee. Her insight was invaluable in helping to assess projects and provide accountability for funded projects in our next monitoring visits. Additionally, another member of our rank and review committee who represented interests of LGBT populations is also Hispanic. He provided additional lived experience with how performative equity declarations are damaging to marginalized populations. 4. We evaluated and ranked projects with regards to racial equity in how they identified and addressed barriers, but also their specific measurable plans to evaluate their own performance in eliminating these barriers. We also used the following discussion questions when discussing ranks: Does the application demonstrate an understanding of the needs of diverse populations? Does the applicant have a history of working with diverse populations? Does the application outline clear strategies in which it will target resources to address root causes of inequity? What is the agency's plan to evaluate for effectiveness and adapt strategies to more effectively meet needs?

1E-4.	Reallocation–Reviewing Performance of Existing Projects.		
	NOFO Section VII.B.2.f.		

		Describe in the field below:
	1.	your CoC's reallocation process, including how your CoC determined which projects are candidates for reallocation because they are low performing or less needed;
	2.	whether your CoC identified any projects through this process during your local competition this year;
	3.	whether your CoC reallocated any low performing or less needed projects during its local competition this year; and
	4.	why your CoC did not reallocate low performing or less needed projects during its local competition this year, if applicable.

(limit 2,500 characters)

1. The Mountainland written process for reallocation is as follows:
The Rank and Review committee may review funds from renewal projects for reallocation if renewal projects have:
• Low utilization rates
• A history of returning high percentages of project funds (more than 10%) to HUD
• A history of serving ineligible clients
• Underperformed on APR goals without reasonable cause (indicated in monitoring reports)
• Continue to manage project models that are low priority for the CoC and/or HUD
Renewal project applicants who have a portion of their proposed budget decreased or rejected by the CoC will receive notification by letter from the CoC. Rejected projects will be notified at least 15 days before the final submission of the Consolidated Application.
2. Yes, our CoC rank and review committee identified lower performing projects or less needed projects during our rank and review process for this year's competition.
3. Yes, our CoC rank and review committee chose to reallocate some of the renewal project funding for projects that were lower performing, less needed, or did not draw down as expected. This reduction in budget was sent in writing to each agency. We reduced the budget proportionately of 7 of our renewal projects.
4. Our CoC chose to reduce budgets and reallocate funding for several of our renewal projects.

1E-4a.	Reallocation Between FY 2017 and FY 2022.	
	NOFO Section VII.B.2.f.	

	Did your CoC cumulatively reallocate at least 20 percent of its ARD between FY 2017 and FY 2022?	No

1E-5.	Projects Rejected/Reduced–Notification Outside of e-snaps.	
	NOFO Section VII.B.2.g.	
	You must upload the Notification of Projects Rejected-Reduced attachment to the 4B. Attachments Screen.	

1.	Did your CoC reject or reduce any project application(s)?	Yes
2.	Did your CoC inform applicants why their projects were rejected or reduced?	Yes
3.	If you selected Yes for element 1 of this question, enter the date your CoC notified applicants that their project applications were being rejected or reduced, in writing, outside of e-snaps. If you notified applicants on various dates, enter the latest date of any notification. For example, if you notified applicants on 06/26/2022, 06/27/2022, and 06/28/2022, then you must enter 06/28/2022.	09/14/2022

1E-5a.	Projects Accepted–Notification Outside of e-snaps.	
	NOFO Section VII.B.2.g.	
	You must upload the Notification of Projects Accepted attachment to the 4B. Attachments Screen.	

	Enter the date your CoC notified project applicants that their project applications were accepted and ranked on the New and Renewal Priority Listings in writing, outside of e-snaps. If you notified applicants on various dates, enter the latest date of any notification. For example, if you notified applicants on 06/26/2022, 06/27/2022, and 06/28/2022, then you must enter 06/28/2022.	09/14/2022

1E-5b.	Local Competition Selection Results–Scores for All Projects.	
	NOFO Section VII.B.2.g.	
	You must upload the Final Project Scores for All Projects attachment to the 4B. Attachments Screen.	

	Does your attachment include: 1. Applicant Names; 2. Project Names; 3. Project Scores; 4. Project Rank–if accepted; 5. Award amounts; and 6. Projects accepted or rejected status.	Yes

1E-5c.	1E-5c. Web Posting of CoC-Approved Consolidated Application.	
	NOFO Section VII.B.2.g.	
	You must upload the Web Posting–CoC-Approved Consolidated Application attachment to the 4B. Attachments Screen.	

	Enter the date your CoC posted the CoC-approved Consolidated Application on the CoC's website or partner's website–which included: 1. the CoC Application; and 2. Priority Listings for Reallocation forms and all New, Renewal, and Replacement Project Listings.	09/28/2022

1E-5d.	Notification to Community Members and Key Stakeholders that the CoC-Approved Consolidated Application is Posted on Website.	
	NOFO Section VII.B.2.g.	
	You must upload the Notification of CoC-Approved Consolidated Application attachment to the 4B. Attachments Screen.	

	Enter the date your CoC notified community members and key stakeholders that the CoC-approved Consolidated Application has been posted on the CoC's website or partner's website.	09/28/2022

2A. Homeless Management Information System (HMIS) Implementation

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

- Notice of Funding Opportunity (NOFO) for Fiscal Year (FY) 2022 Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants;
  - 24 CFR part 578;
   - FY 2022 CoC Application Navigational Guide;
  - Section 3 Resources;
  - PHA Crosswalk; and
   - Frequently Asked Questions

2A-1.	HMIS Vendor.	
	Not Scored–For Information Only	

	Enter the name of the HMIS Vendor your CoC is currently using.	Eccovia

2A-2.	HMIS Implementation Coverage Area.	
	Not Scored–For Information Only	

	Select from dropdown menu your CoC's HMIS coverage area.	Statewide

2A-3.	HIC Data Submission in HDX.	
	NOFO Section VII.B.3.a.	

	Enter the date your CoC submitted its 2022 HIC data into HDX.	05/06/2022

2A-4.	Comparable Database for DV Providers–CoC and HMIS Lead Supporting Data Collection and Data Submission by Victim Service Providers.	
	NOFO Section VII.B.3.b.	

	In the field below:	
1.	describe actions your CoC and HMIS Lead have taken to ensure DV housing and service providers in your CoC collect data in databases that meet HUD's comparable database requirements; and	
2.	state whether your CoC is compliant with the 2022 HMIS Data Standards.	

(limit 2,500 characters)

1) The HMIS lead agency in partnership with the Utah Domestic Violence Coalition (UDVC) has established a data workgroup that meets with victim services providers from around the state on a monthly basis. This monthly meeting provides a forum for the HMIS lead agency, UDVC and VSP staff to discuss terminology, metrics, comparable database needs and concerns in order to ensure consistency and incorporation of VSP data in statewide homelessness discussions. Both VSPs in this CoC received ESG-CV funding and the HMIS lead agency worked closely with them to make sure their databases were updated to the new data standards and they were able to successfully submit the quarterly CAPER reports for their grants.
The HMIS lead agency is also working to hire a staff member dedicated to providing technical assistance and support to victim service providers on the use of HMIS comparable databases. This new staff member would provide the expertise and additional bandwidth needed to properly provide these services and would help integrate VSP data into community conversations on homelessness. 2. Our CoC is compliant with the 2022 HMIS Data Standards

2A-5.	Bed Coverage Rate–Using HIC, HMIS Data–CoC Merger Bonus Points.	
	NOFO Section VII.B.3.c. and VII.B.7.	

Enter 2022 HIC and HMIS data in the chart below by project type:

Project Type	Total Beds 2022 HIC	Total Beds in HIC Dedicated for DV	Total Beds in HMIS	HMIS Bed Coverage Rate
1. Emergency Shelter (ES) beds	78	45	33	100.00%
2. Safe Haven (SH) beds	0	0	0	
3. Transitional Housing (TH) beds	74	44	30	100.00%
4. Rapid Re-Housing (RRH) beds	33	25	8	100.00%
5. Permanent Supportive Housing	155	0	146	94.19%
6. Other Permanent Housing (OPH)	86	0	3	3.49%

2A-5a.	Partial Credit for Bed Coverage Rates at or Below 84.99 for Any Project Type in Question 2A-5.	
	NOFO Section VII.B.3.c.	

	For each project type with a bed coverage rate that is at or below 84.99 percent in question 2A-5, describe:
1.	steps your CoC will take over the next 12 months to increase the bed coverage rate to at least 85 percent for that project type; and
2.	how your CoC will implement the steps described to increase bed coverage to at least 85 percent.

(limit 2,500 characters)

HMIS participation for Other Permanent Housing projects is 3.49% due to the PHA in this CoC funded for Emergency Housing Vouchers (EHV) opting to not enter EHV into our HMIS implementation. However, since EHV is not required to be input into HMIS and the PHAs are required to enter it in their own databases, we do not anticipate EHV ever participating in HMIS. Additionally, EHV was used in this CoC to serve a variety of qualifying populations and not only those that were experiencing literal homeless so it would be difficult for our PHAs to keep track of which should be input in HMIS and which should not. 2. Since EHV is not required to be input into HMIS, we do not anticipate the PHA ever participating in HMIS, therefore we do not anticipate tracking this bed coverage to 85 percent, due to the requirements of the EHV.

2A-6.	Longitudinal System Analysis (LSA) Submission in HDX 2.0.	
	NOFO Section VII.B.3.d.	

Did your CoC submit LSA data to HUD in HDX 2.0 by February 15, 2022, 8 p.m. EST?	Yes

2B. Continuum of Care (CoC) Point-in-Time (PIT) Count

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

- Notice of Funding Opportunity (NOFO) for Fiscal Year (FY) 2022 Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants;
  - 24 CFR part 578;
   - FY 2022 CoC Application Navigational Guide;
  - Section 3 Resources;
  - PHA Crosswalk; and
   - Frequently Asked Questions

2B-1.	PIT Count Date.	
	NOFO Section VII.B.4.b	

	Enter the date your CoC conducted its 2022 PIT count.	01/26/2022

2B-2.	PIT Count Data–HDX Submission Date.	
	NOFO Section VII.B.4.b	

	Enter the date your CoC submitted its 2022 PIT count data in HDX.	05/06/2022

2B-3.	PIT Count–Effectively Counting Youth.	
	NOFO Section VII.B.4.b.	

	Describe in the field below how during the planning process for the 2022 PIT count your CoC:
1.	engaged stakeholders that serve homeless youth;
2.	involved homeless youth in the actual count; and
3.	worked with stakeholders to select locations where homeless youth are most likely to be identified.

(limit 2,500 characters)

1. During the PIT planning process, we included agencies that work with homeless or at-risk youth, and we consulted with our local McKinney-Vento liaisons in the school districts in our geographic area. Agencies serving unsheltered youth helped us to pinpoint hot spots where unsheltered youth were camping or likely to be staying. McKInney-Vento coordinators were given notice of the dates of our PIT count and given surveys to conduct within the school district for unsheltered youth. 2. We involved homeless youth in the planning process by asking them to evaluate the questions that we were asking and helping to point us in the direction of hot-spots and encampments. Additionally, we had participation in the morning count from a youth experiencing homelessness. 3. Our street outreach teams, front-line staff at agencies that serve unsheltered youth, and our youth shelter all helped to identify locations where homeless youth were likely to be staying. Additionally, our school liaisons informed us of the locations of any unsheltered youth within their school district boundaries.

2B-4.	PIT Count–Methodology Change–CoC Merger Bonus Points.	
	NOFO Section VII.B.5.a and VII.B.7.c.	

	In the field below:
1.	describe any changes your CoC made to your sheltered PIT count implementation, including methodology or data quality changes between 2021 and 2022, if applicable;
2.	describe any changes your CoC made to your unsheltered PIT count implementation, including methodology or data quality changes between 2021 and 2022, if applicable; and
3.	describe how the changes affected your CoC's PIT count results; or
4.	state "Not Applicable" if there were no changes or if you did not conduct an unsheltered PIT count in 2022.

(limit 2,500 characters)

1. We made no changes to our sheltered PIT count implementation between 2021 and 2022. 2. We made significant changes to our methodology between 2021 and 2022 due to the limited count that we conducted in 2021. While COVID-19 was still a significant risk in our community in January 2022, we chose to implement the full Point in Time Count, including the morning street outreach for three days following the night of Jan 26th. This allows us to capture full demographic information, and more importantly to conduct outreach to unsheltered individuals and families that may not be connected with services. Due to COVID, we took the precaution of stripping down the size of our outreach teams, eliminating our morning meet up and breakfast, and conducted all of our trainings virtually. Teams of 2-4 individuals conducted morning counts in specific geographic areas and hot spots indicated by outreach workers, emergency service workers, and people with lived experience. 3. The changes affected our PIT count in that it allowed us to capture full demographic information, unlike our 2021 count that was modified due to COVID.

2C. System Performance

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

- Notice of Funding Opportunity (NOFO) for Fiscal Year (FY) 2022 Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants;
  - 24 CFR part 578;
    - FY 2022 CoC Application Navigational Guide;
  - Section 3 Resources;
  - PHA Crosswalk; and
   - Frequently Asked Questions

2C-1.	Reduction in the Number of First Time Homeless–Risk Factors Your CoC Uses.	
	NOFO Section VII.B.5.b.	

	In the field below:
1.	describe how your CoC determined the risk factors to identify persons experiencing homelessness for the first time;
2.	describe your CoC's strategies to address individuals and families at risk of becoming homeless; and
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the number of individuals and families experiencing homelessness for the first time

(limit 2,500 characters)

1. The Mountainland CoC engages with local assistance programs and 211 to reach precariously housed individuals and families, and to identify trends in characteristics leading to first-time homeless experiences. These risk factors are addressed by CoC planners and providers and include victimization, rental history, landlord relationships, habitability of housing, language/cultural barriers, lease violations, inability to pay rent, illegal evictions, discrimination, substance abuse, mental illness, institutional history, lack of support network, aging out of foster care, and jail or hospital discharge. 2. The CoC is committed to expanding our use of diversion to assist in keeping people from experiencing first-time homeless. Front-door contact agency staff from CoC agencies, such as 211 and intake workers are being utilized in a strategic CoC plan to coordinate our diversion efforts. Ongoing training has commenced regarding diversion strategy best-practices nationwide. The Mountainland CoC staff has implemented diversion training through the front-line workers at United Way's 211 program to help mitigate first-time homelessness at first contact. CoC also offers services and education to help mitigate risk factors such as landlord engagement and mediation, landlord outreach and services education, tenant rights and responsibilities classes, homeless prevention rental assistance, and outreach through social services, churches, hospitals, schools, and employers. Additionally, the CoC in partnership with Provo City created a Housing First Fund to be utilized for diversion, rental assistance, deposit assistance, and other incidental expenses related to gaining and maintaining housing. This fund has frequently been utilized to prevent families and individuals from experiencing first-time homelessness. 3. United Way employs staff and interns to facilitate strategic planning with regard to mitigating first-time homelessness in our community.

	2C-2.	Length of Time Homeless–CoC's Strategy to Reduce.	
		NOFO Section VII.B.5.c.	

		In the field below:
	1.	describe your CoC's strategy to reduce the length of time individuals and persons in families remain homeless;
	2.	describe how your CoC identifies and houses individuals and persons in families with the longest lengths of time homeless; and
	3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the length of time individuals and families remain homeless.

(limit 2,500 characters)

1. The Mountainland CoC has been committed to a "no wrong door" approach to CE for years, which was fully implemented in all HMIS-participating agencies November 1st, 2017. Our commitment is to help make homelessness brief, rare, and non-recurring. We continue to use and develop strategies for effective diversion in our community utilizing front-door agencies, including the adoption of United Way's 211 team as trained front-line diversion workers. The Mountainland CoC CE process includes both CoC and non-CoC funded agencies in our community that meet together twice a month to case conference subpopulations of our homeless community, including those who have entered our system within the last 30 days. This helps us to quickly identify individuals who have recently become homeless and place them quickly. The
Coordinated Entry committee also functions as our by-name
committee. Additionally, through the use of United Way of Utah County's 211 front-line workers and CoC funded and non-funded agencies front-line workers, we can quickly identify first-time homeless individuals and families who present for services at any point of entry. Our street outreach team, led by Wasatch Behavioral Health, also quickly identifies newly homeless individuals or families in our community and quickly makes a warm hand-off to the appropriate service agency to meet their needs. 2. Our by-name list is sorted based on the highest SPDAT scores, chronic status, veteran status, entries into our homeless system in the last 30 days, and homeless youth status. We
prioritize through coordinated assessment families and individuals in our community who have the longest period of homelessness. Clients typically receive vouchers for PSH within seven days of assessment. 3. United Way of Utah County's CoC Program Coordinator oversees the committee that determines the CoC's strategy to reduce the length of time individuals and families remain homeless.

	2C-3.	Exits to Permanent Housing Destinations/Retention of Permanent Housing–CoC's Strategy	
		NOFO Section VII.B.5.d.	

		In the field below:
	1.	describe your CoC's strategy to increase the rate that individuals and persons in families residing in emergency shelter, safe havens, transitional housing, and rapid rehousing exit to permanent housing destinations;
	2.	describe your CoC's strategy to increase the rate that individuals and persons in families residing in permanent housing projects retain their permanent housing or exit to permanent housing destinations; and
	3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to increase the rate that individuals and families exit to or retain permanent housing.

(limit 2,500 characters)

"1. The CoC is committed to increasing the percentage of individuals and families who exit to permanent housing and retain their housing. The CoC is making great strides to overcome some of our geographical obstacles, such as a low vacancy rate, high college student population, and a housing market in which affordable housing is not prioritized. Our housing authorities have worked with local developers and business leaders to renovate and master-lease additional PSH units, creating over 100 new units in the last two years. Our Coordinated Entry committee works in tandem with PSH providers to identify individuals in shelters, TH, and rapid rehousing programs and help them exit to permanent
housing. As we increase our inventory of PSH, specifically projects that follow a Housing First model, our rate of successful exits into permanent housing destinations has also increased. 2. Our high permanent housing retention rates are largely due to the wrap-around services provided by our CoC member agencies. Services provided include regular home visits, psychotherapy, medication management, psychiatric services, healthcare services, case management, employment counseling, and life-skills. The CoC has learned through experience that individuals in PSH can succeed in retaining their housing with appropriate support, and we continually expand our CoC membership to agencies who can provide those supports. We monitor our returns to homelessness at 12 months and 2 years and consistently have retention above the state average. We are committed to early intervention to identify individuals who are at-risk of losing their PSH and provide additional support. 3. United Way of
Utah County's CoC Program Coordinator oversees the committee that determines the CoC's strategy to increase the rate that individuals and families exit to and retain permanent housing.

2C-4.	Returns to Homelessness–CoC's Strategy to Reduce Rate.	
	NOFO Section VII.B.5.e.	

	In the field below:
1.	describe your CoC's strategy to identify individuals and families who return to homelessness;
2.	describe your CoC's strategy to reduce the rate of additional returns to homelessness; and
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the rate individuals and persons in families return to homelessness.

(limit 2,500 characters)

1. The Mountainland CoC utilizes HMIS data, Coordinated Support Services meetings twice a month, and VI-SPDAT and SPDAT scores to identify individuals and persons in families who return to homelessness. 2. The CoC's strategy to reduce the rate of additional returns to homelessness includes case conferencing for individuals who are in danger of losing their housing, coordination on such persons through our Coordinated Support Services meetings, partnerships facilitating open communication between the service agencies providing wrap-around services for clients in PSH programs and PSH providers, a private Housing First Fund (flex fund) that can be used to mitigate financial reasons for pending eviction, and a consistent effort to incentivize tenant education and responsibility. Due to the CoC's commitment to a Housing First approach, tenants who are struggling to maintain their housing in PSH programs are quickly identified and given additional support in the form of wraparound
services and advocacy. Additionally, in the last three years, front line workers at United Way of Utah County's 2-1-1 referral call center were trained on Diversion protocols with the intention of helping to reduce returns to homelessness and first-time homelessness. 3. Wasatch Behavioral Health provides many of the wrap-around services available to clients in PSH programs. Provo City Housing Authority and Housing Authority of Utah County spearhead identifying individuals in PSH programs who are struggling to maintain housing. United Way of Utah County manages the Housing First Fund and 2-1-1 referrals for individuals who reach out who are precariously housed, as well as diversion training and strategy, and Community Action Services and Food Bank leads tenant education.

2C-5.	Increasing Employment Cash Income—CoC's Strategy.	
	NOFO Section VII.B.5.f.	

	In the field below:	
1.	describe your CoC's strategy to access employment cash sources;	
2.	describe how your CoC works with mainstream employment organizations to help individuals and families experiencing homelessness increase their cash income; and	
3.	provide the organization name or position title that is responsible for overseeing your CoC's strategy to increase income from employment.	

(limit 2,500 characters)

1. The Mountainland CoC partners with many local programs and agencies, such as Utah Defendant/Offender Workplace Development Program, Job Corps, People Helping People, VA Employment and the Department of Workforce Services to help clients access opportunities for employment. Additionally, we partner with Deseret Industries to help provide job coaching and job skills trainings that help our clients to increase their employment income by increasing their job skills. 2. Many of our CoC program-funded agencies have SOAR trained case managers which helps to facilitate clients' access to mainstream employment agencies. The CoC also facilitates trainings on employment opportunities, access to job fairs, and updated information on programs that can help clients increase income or access employment opportunities. Many of our clients are employed at Deseret Industries, which provides part-time job opportunities for individuals who are homeless, precariously housed, disabled, or exiting an institution. During their employment, they have access to job skills workshops, job fairs, and other resources that are specifically designed to help connect them with mainstream employment agencies. Many of our agencies also partner with Vocational Rehabilitation to help get individuals who disabled placed with agencies or companies that can support them. 3.United Way of Utah County staff provide advertisement of new employment opportunities and training for case managers on access to mainstream employment organizations. Community Action provides Bridges out of Poverty training, and DWS provides mainstream employment services.

2C-5a.	Increasing Non-employment Cash Income—CoC's Strategy	
	NOFO Section VII.B.5.f.	

		In the field below:
	1.	describe your CoC's strategy to access non-employment cash income; and
	2.	provide the organization name or position title that is responsible for overseeing your CoC's strategy to increase non-employment cash income.

(limit 2,500 characters)

1. CoC-funded projects are required to provide case management assistance to help clients connect with non-employment cash income that they are entitled to and maintain their benefits, once awarded. In the past three years, the CoC has taken special interest in outcome measures reporting clients enrolled in programs who increase their non-employment cash benefits by agencies seeking ESG, State, or CoC funding. Grants that are currently funded and will be up for renewal in the next year will be tied very closely to meeting outcome goals around increased non-employment cash benefits by these funded agencies. Additionally, the CoC coordinates annual trainings for case managers and
frontline service employees with DWS about mainstream benefits and other non-employment cash benefits for all members and agencies, highlighting new or changing resources. Additionally, some CoC member agencies have navigator positions onsite to help walk clients through the process of eligibility for non-employment cash benefits. 2. United Way of Utah County and Community Action Services and Food Bank organize these trainings, while the Collaborative Applicant attends city, county, state and federal trainings about new non-employment cash income sources and is responsible for presenting this information to the CoC and subcommittees.

4B. Attachments Screen For All Application Questions

	We have provided the following guidance to help you successfully upload attachments and get maximum points:

1.	You must include a Document Description for each attachment you upload; if you do not, the Submission Summary screen will display a red X indicating the submission is incomplete.	
2.	You must upload an attachment for each document listed where 'Required?' is 'Yes'.	
3.	We prefer that you use PDF files, though other file types are supported–please only use zip files if necessary. Converting electronic files to PDF, rather than printing documents and scanning them, often produces higher quality images. Many systems allow you to create PDF files as a Print option. If you are unfamiliar with this process, you should consult your IT Support or search for information on Google or YouTube.	
4.	Attachments must match the questions they are associated with.	
5.	Only upload documents responsive to the questions posed–including other material slows down the review process, which ultimately slows down the funding process.	
6.	If you cannot read the attachment, it is likely we cannot read it either.	
	. We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time).	
	. We must be able to read everything you want us to consider in any attachment.	
7.	After you upload each attachment, use the Download feature to access and check the attachment to ensure it matches the required Document Type and to ensure it contains all pages you intend to include.

Dear Erika,

Your application for HAUC Renewal, was ranked for the partial amount of $420,772 on September 13th, 2022. Because of funding limitations and a strong desire to keep your project ranked in Tier 1, the rank and review committee chose to reallocate $22,935 of your requested $443,707. You were notified of this award amount by letter on September 14th, 2022. Your project was ranked 9th out of 14 projects, which placed it in the Tier 1 bracket of funding requests.

The rank and review process and final priority listing will be made available on our website today. If you have any questions about the outcome of this project in the ranking process, feel free to directly contact me via email or by phone.

Sincerely,

Heather Hogue

Dear Curtis,

Your application for Rapid Rehousing for Survivors (Center for Women and Children in Crisis) of Domestic Violence, was ranked for the partial amount of $54,432 on September 13th, 2022. Because of funding limitations and a strong desire to keep projects ranked in Tier 1, the rank and review committee chose to reallocate $2,684 of your requested $57,116. You were notified of this award amount by letter on September 14th, 2022. Your project was ranked 2nd out of 14 projects, which placed it in the Tier 1 bracket of funding requests.

The rank and review process and final priority listing will be made available on our website today. If you have any questions about the outcome of this project in the ranking process, feel free to directly contact me via email or by phone.

Sincerely,

Heather Hogue
